

## **Advanced R&D capabilities and proven efficacy of our unique fast pain-relief mouth ulcer cream**

Ghent (Belgium), 7 June 2024, 6:00 a.m.; **bonyf NV (Mnemonic: MLBON)**, the next-generation oral comfort expert, is a Euronext Paris listed company and specializes in the development, production and marketing of oral, denture, orthodontic and wound care products, is proud to reaffirm our commitment to R&D, as well as to highlight the proven effectiveness of our unique fast pain-relief mouth ulcer cream **AphtoFix®**. Our dedication to advancing oral healthcare through cutting-edge research and clinical studies sets us apart as a premier provider of effective solutions.

As a company deeply invested in R&D, we continuously strive to develop innovative products that meet the highest standards of efficacy and safety. Our mouth ulcer cream is a testament to this commitment, formulated with a proprietary blend of clinically proven ingredients that deliver comprehensive relief and promote rapid healing.

A recent clinical study<sup>1</sup>, conducted by our esteemed team of researchers, underscores the efficacy of our mouth ulcer cream. The study, published in the Journal of Dental Hygiene Science, reveals the following key findings:

- **Rapid Pain Relief:** Significant pain reduction from day 1
- **Accelerated Healing:** A faster healing rate of the lesion with an average of 7 days
- **Protective Barrier:** Due to its muco-adhesive property, AphtoFix® in contact with saliva acts as an elastic, thin and durable protective barrier against the oral environment, thus favoring prompt healing by means of isolating the ulcer from food debris and bacteria.

These results validate our product's unique formulation. The clinical study concluded that our mouth ulcer cream offers a superior solution for those seeking rapid relief and effective healing.

"Our mission at bonyf is to advance healthcare through innovation and rigorous research," said Jean-Pierre Bogaert, CEO of bonyf. "This study highlights the exceptional efficacy of our mouth ulcer cream and showcases our capability as a leading R&D company. We are dedicated to providing solutions that enhance the quality of life for individuals worldwide."

bonyf's mouth ulcer cream is readily available for purchase and through leading retailers in different countries. For more information about our product, its benefits, and our ongoing research initiatives, please visit [www.bonyf.com](http://www.bonyf.com) or contact us via the [Contact Form](#).

About bonyf is at the forefront of oral healthcare innovation, with a robust focus on research and development. Our commitment to advancing health and well-being through cutting-edge solutions ensures that we provide products of the highest quality and efficacy.
